---

(by Peter Weiss and the Earth Rangers—see <http://www.cdbaby.com/cd/peterweissandtheearthran>)

1. I got my pant leg tucked into my sock  
And I always carry a bicycle lock  
I'm a bicycle commuter
2. I've got fenders and a water proof coat  
So when it rains I don't get soaked  
I'm a bicycle commuter
3. Oh I ride a bike because I care  
'bout pollution in the air  
And I ride a bike cuz I love the pace  
Feel the wind in my face
4. I've got knobby tires to prevent a skid  
And a bike helmet up on my lid  
I'm a bicycle commuter
5. I got reflectors and a blinking light  
To get me safely home at night  
I'm a bicycle commuter
6. Oh cars and bike they share the road  
Even trucks with a heavy load  
That is why I always ride right  
I never run a red light
7. Some people choose to take the bus and some will carpool  
I choose to ride a bike but I ain't no fool
8. I huff and puff and sweat a bit  
Going up a steep hill  
But I get my reward as I zoom down  
Life is such a thrill
9. Before I ride a look at a map  
So I can find where the bike lanes are at  
I'm a bicycle commuter
10. The best bike lanes are nice and wide  
Makes for a safe and a happy ride  
I'm a bicycle commuter
11. Oh cars and bike they share the road  
Even trucks with a heavy load  
That is why I always ride right  
I never run a red light
12. Get on your bikes and ride  
Get on your bikes and ride  
Get on your bikes and ride  
Ride those crazy bikes
